Diary

Welcome to our school!

On Monday morning our guests arrived at our school and we tried our best to welcome them.

- First, we had a booth set for every country in order to distribute the **ID - cards** for every student and teacher and plus some **pens** and **notebooks**, so they could keep notes.

- Later on, the [Lithuanian Presentation](#) took part
- After a small brake, we had the opportunity to enjoy the [Portuguese Presentation](#)
- After work, we ordered food and we guided our guest around the school.
- Early in the evening we visited the [National Archeological Museum](#) and we gave each country separately a guided tour. Our guides were greek students who had been prepared to show and explain the statues and the sculptures from the Neolithic ages to the Roman period.

When our tour was over it was late evening,
so we went to get some diner at a nearby restaurant.

In the end we finished our dinner and then we said goodnight to our guests,
as they returned to their hotel.

[We were all looking forward for the next day's activities!](#)
