Diary

A nice excursion out of Athens!

On Thursday we took a trip to Sounio. All groups were gathered early in the morning and so we got on the two floor buses and began the trip. When we arrived we went to see the [temple of Poseidon](#). Some of the students had prepared a guided tour so details were given about the temple.

Then we took time to take some pictures and then visited [Lavrio](#). We went for lunch to a restaurant there and after that we walked around the city. In the end which was in the early afternoon we headed back to Athens in order to get some rest for our last dinner together.

The last Dinner!

After we rested for a while we arranged a meeting at the station and we went to a dining restaurant. Since it was technically our last night together most of the Greek team came with. When we arrived at the restaurant we all sat with our new friends and not like we were supposed to, in groups. Another very good thing about that night was that there was live traditional music.

We were all having such a great time. Some of the teachers danced too! We felt it the connection we were all different but in a way we were all the same. You could see the smiles on every ones faces. It was [pure happiness!](#)

In the end we said our last goodbyes so sadly because we knew that all these fun and exciting things and experiences we had, had come to an end, but [they will never be forgotten!](#)
